Session Program

May 20 – 22, 2015

Encompassing Computer Science Workshop 2015

Session 4

Thu, May 21

2:30 PM – 4:30 PM
Session 4
Session | **Convener:** Dr Branko Kavšek

2:30 PM – 3:00 PM
Session 4: Rok Požar - Computational aspects of lifting automorphisms
Session

3:00 PM – 3:30 PM
Session 4: Marcin Anholzer - Generalized Stochastic Transportation Problems
Session

3:30 PM – 4:00 PM
Session 4: Marko Grgurovič - Using trees to speed up the Floyd-Warshall algorithm
Session

4:00 PM – 4:30 PM
Session 4: Pavel Fičur - Application of methods of matrix factorization in blind source separation
Session
